

## CEPI Helpful Hint: MSDS Report List

CEPI offers a detailed list of MSDS reports as a resource for users. This list is located on the CEPI home page under MSDS:

Center for Educational Performance and Information

CEPI / CEPI APPLICATIONS / MICHIGAN STUDENT DATA SYSTEM

**Michigan Student Data System (MSDS)**

The Center for Educational Performance and Information (CEPI), Michigan Department of Education (MDE), and local school districts worked together to develop the Michigan Student Data System (MSDS) for state and federal student data reporting. Data collected in this system are vital to district success.

- [MSDS Security Form \(District/ISD/PSA/ONSR Users\)](#)
- [MSDS Security Form \(Nonpublic School Users\)](#)
- [MSDS Security Form \(IHE Users\)](#)
- See the [CEPI Calendar Page](#) for our master calendar of deadlines and collection dates.

[Go to MSDS](#)

**MSDS Data Collections**

MSDS aligns individual data collections with state and federal program requirements. A summary of data components and their corresponding collections is available in the Collection Component Matrices below, under "Technical Materials."

You would then click the MSDS Report List link under the "Help and Training Section":

- [Using the MSDS Reports](#)
- [Connected Student Information Systems](#)

The Excel spreadsheet offers three separate "sheets" which are:

1. **Report List**- provides a list of all of the names of the reports that CEPI has to offer, the report location, and the collection each report applies to.
2. **Report Details**- breaks down the report names and gives a description of each report. It also gives recommended/suggested uses for the reports. It will show which students will be included in each report.
3. **Version History**- shows the versions, dates and a description of the versions.

The MSDS report list can be used in conjunction with the [MSDS Collection Details Manual](#) and other MSDS references found at our [MSDS web page](#).
